## Drifting on Lainio river with our professional fishing guides

On request from our Fishing enthusiasts we have the pleasure to invite you to the great fishing experience!

Cause of our knowledge of the Lainio river, which we got during the last century of the local fisherman's we can assure you that we be able to show our guests the best fishing poles in the river. We offer a tour for the real persistent Fly Fisherman, who likes to "break the code" in the river and catch the desirable wild Salmon Salar who has it's playground in this waters! If the salmon are not biting, there is still a good chance for you to catch grayling and trout.

The midnight sun and light evenings give you a magical feeling when casting for salmon.

## Experience Taanikurkkio

Is a tour we strongly recommend, tour starts in the village with two small rapids and after a short distance with slow water we enter the beautiful Taanikurkkio canyon, a 7km long rapid system with 15-20m high rock walls and excellent salmon pools, only accessible by raft. If you chose the optional lunch we stop at a god spot for wilderness lunch.

During all guided tours you will have plenty of opportunities to discuss your newly learned experiences and reflections.

You will have access to the best pools and the best guides, if you like!

You stay on the brink, put up our tents, make the food over the open fire.

There can of course be more than four persons in one group, just ask for it.

## Included in packages above "fishing & Drifting"

Transportation from Lainio to starting point alternatively from endpoint to Lainio for people & equipment.

Fully equipped rubber raft including packdrums, paddles, life jackets, repair kit etc.

Combined fishing and rafting guide who will also help you with the camping and prepare food if you order "full board".

Please, do not hesitate to take contact with us for further information and request.info@lainio.com or Call +46 981 410 25 and talk directly to someone who can help you further!
